Description:

Conscious femininity is a concept developed by Marion Woodman, a Jungian analyst who studied at the C. G. Jung institute in Zurich. After becoming an analyst, she went on to expand Jung's ideas as they relate to feminine development and mind-body psychology. This seminar is an introduction to her ideas regarding conscious femininity and related topics. The format is lecture and discussion along with experiential exercises.

Topics Include:

- Conscious Femininity
- Marion Woodman's concepts
- Healing Through Metaphor
- Understanding Dreams
- BodySoulRhythms© Work

The book *Conscious Femininity* by Marion Woodman will be available for purchase by anyone wishing to learn more about the material presented.
