

City Internships runs immersive career training programs for college students and recent graduates. They're designed to expand participants' horizons and get them job-ready. For each program, on top of hard and soft skill building at weekly career seminars, workshops and networking events, participants undertake an internship placement at one of our partner companies. Students and graduates develop real-world skills, build their professional network and fast-track their career.

Students can apply here: <http://city-internships.com/apply/>

Placements are available in banking and financial services, art, fashion and design, marketing, advertising and PR, consulting and professional services, entertainment, media and journalism, law and politics and lastly, technology and engineering.

Places are allocated on a first-come, first-served basis. Interested students are advised to apply ASAP to secure a spot. Read more about the program on our home page: <http://city-internships.com/>

Student Ambassador Program

In addition to the new website, I am pleased to announce the launch of the new Student Ambassador Program, designed to give students and graduates the opportunity to earn a full scholarship for the Global Internship Program.

Those interested can find out more information and apply here: <http://city-internships.com/about/student-ambassadors/>

What's included:

- An eight week placement with a leading company
- Career seminars, skills workshops & networking events
- Social events & weekend excursions
- Local mentorship & 24/7 support
- Optional accommodation package

What participants achieve:

Real-world experience

- *We offer an internship in students' chosen industry that makes their resume glow and will have hiring companies lining up to meet them.*

Broadened horizons

- *Students make lasting international friendships, see what it means to travel and experience life in a new city.*

Professional network

- *Students meet like-minded go-getters and leading industry experts at exclusive networking events; invaluable connections to kick-start their career.*

Improved skillset

- *We offer the opportunity for students to convert their theoretical knowledge into workplace dexterity with a slice of professional life and career-enhancing weekly seminars.*

Career readiness

- *Students realize their career direction and earn the hard and soft skills that the world's leading companies notice.*
